The **Australian Thesaurus of Education Descriptors** is an indispensable research resource that contains a structured listing of terms designed for indexing and searching the literature of education in Australia.

Now it its third edition, the **Australian Thesaurus of Education Descriptors** contains over 5400 descriptors used to index the *Australian Education Index* and *Education Research Theses* databases. It is an invaluable taxonomy to educators, indexers and experts or novices undertaking indexing and subject searches in education.

Features

- New descriptors reflecting trends and emerging areas of interest in education literature
- Alphabetically listed descriptors with links to broader, narrower and related terms
- Well structured content so that users may effectively retrieve specified information
- 9884 vocabulary terms, of which 5454 are main entry descriptors, 4430 are non-preferred terms with references to the preferred terms
- 140 new main entry terms
- Rotated descriptor display which provides an alphabetical index to all words that form thesaurus terms
