

Commitment to JESUS

This dimension encompasses the SOCIAL dimensions, 20 questions on commitment to GOD, and an additional 22 questions relating to the students commitment to Jesus.

These questions cover areas such as:

- belief in the relevance of Jesus' teachings
- belief in the bible's teachings
- belief in the gospels
- feeling the presence of Jesus

This version allows Christian schools to measure the extent to which their mission statements and Christian ethos is being reflected by their students. Information gathered from this survey may assist in identifying areas for further concentration of resources, may highlight areas of success in current religious education classes, and may show differences between students who have attended religious primary schools and non-religious primary schools prior to entry at secondary school.
