

Replacement text for PATMaths Third Edition p.76

Victoria

Curriculum documents:

The Victorian Essential Learning Standards (VELS): <http://vels.vcaa.vic.edu.au>

Levels:

Level 1 (about end of Preparatory Year) to Level 6 (about end of Year 10).

Standards are described at the end of each Level, with progression points defined at three points through each Level. Information about progression points is available in the Assessment and Reporting section of the website.

Content Strands:

At Levels 1 and 2: Number (N); Space (Sp); Measurement, chance and data (MCD).

At Levels 3 and 4: Number (N); Space (Sp); Measurement, chance and data (MCD), Structure (St).

At Levels 5 and 6: Number (N); Space (Sp); Measurement, chance and data (MCD), Structure (St).

N2(1.75) denotes an outcome for Number at Level 2, progression point 1.75;

Sp4(3.25) denotes an outcome for Space at Level 4, progression point 3.25;

MCD5(4.5) denotes an outcome for Measurement, chance and data at Level 5, progression point 4.5.
