

The Report

The school receives a confidential report that provides

- a summary of student responses in terms of percentage agreement with each item
- the average percentage agreement for a group of related items
- data according to year levels surveyed, separately and combined
- percentage agreement according to gender.

Once all students have completed the questionnaire ACER analyse the data and send a report to your school within 10 working days.

School Life Questionnaire

Australian Council for Educational Research

Overview

Beyond academic achievement, the life students' experience within their school has a measurable effect on their learning.

The School Life Questionnaire (SLQ) provides accurate, measurable, reportable data on students' ratings of their school connectedness, engagement and motivation to learn.

Benefits for schools

The SLQ enables schools to:

- look at the social environment of the school
- think about the aims of the school and particular emphases and ethos
- explore the extent to which these aims are recognised and accepted by students
- examine the organisational structure of the school and its impact on student experiences
- make judgements about the effectiveness of policies concerned with curriculum, teaching practices, assessment, programs and organisation

The Questionnaire

- Designed for upper primary and secondary students
- 40 questions
- Approx 40 minutes to complete
- Choice between Paper & Pencil or Online versions
- Can be administered to:
 - whole school
 - specific year levels
 - groups within year levels
- Students respond anonymously to a series of statements by choosing one of the four alternatives: **definitely agree, agree, disagree, definitely disagree**

The SLQ is designed to measure important school outcomes such as attitudes towards

- school in general
- learning
- teachers
- other students.

It does this through a series of scales that reflect different aspects of school life.

These scales cover

- general satisfaction
- interaction with teachers
- relevance/opportunity
- success/achievement
- social integration
- negative feelings
- status (secondary version)
- adventure (primary version).
